5th November, 1973.

Mr. Ron B. Schiller,
National Radio Club,
1951 NE 28th Court,
Lighthouse Point,
Florida, 33064,
USA

Dear Mr. Schiller,

May we acknowledge with many thanks your interesting letter of 27th October in which you report reception of Radio Anguilla at 6.31 a.m. on Friday 26th October.

We have checked our log and find that the items mentioned during your reception were correct, being namely a religious programme, sponsored by the Island Harbour Baptist Church here in Anguilla. We do not issue QSL cards, but you may take this letter as official verification of your reception.

We congratulate you on being able to hear our 500 watts signal so far away but Radio Anguilla appears to have an exceptionally fine wave-length. We had many letters reporting reception along the east coast of America as far north as Maine and also from as far away as Edmonton, Canada, and on one occasion from Frankfurt, Germany but we put these last two down to freak reception.

We hope you will continue to listen on 1505 Khz and that we may some day have the pleasure of hearing from you again.

With best wishes from us all.

Yours sincerely,

R.G. Dunlop,
Director,
Radio Anguilla.

H.M. COMMISSIONER ANGUILLA
